Rs 70-4-90. In the Sub Judge's Courts, the pay of the Sheristedar & the Head Munshi was proposed in 1907 to be raised to Rs 75/- & 45/- rely, Whereas the present proposals are to raise the same to Rs 60-3-75 & Rs 40-2-50.

Para 6 of Q
Cs 2-02-1

2 In 1907 it was proposed to classify the Munsiffs' Courts into three classes, courts with a file exceeding 800 suits being ranked as 1st class, those with a file of above 500 as 2nd class & those below 500 as 3rd class. It is now proposed to have only two classes of Courts, the Head Munshis of 1st class courts being allowed a pay of Rs 50/- & those of the 2nd Class courts a pay of Rs 40/-. The existing pay of the Head Munshis of the three classes of courts is Rs 40, 35/- & 30/- rely.

~~In letter~~ In the proposal statement for the Central Records of the Bengalee division, these four addl hands have ~~accordingly~~ been included in the present scale and the twelve temporary hands accordingly omitted. The extra cost involved by this revision is ~~estimated~~ at Rs 21,084 per annum.

5) The reasons assigned by the Chief Court for the revision of the Scale of establishment of the Subordinate Civil courts are these:-

① The Scale of pay originally fixed for the establishment of the Dt courts in 1884 was reduced to its present Scale in 1900.

So far as the Subordinate Judge's Courts & the Munsiff's courts are concerned, the Scale has not been revised since 1889 or 1886.

But the work of the Civil courts has increased. The territorial jurisdiction of the respective Dt Courts has been increased by the addition of a District to each Court. The pecuniary jurisdiction has been raised from 5000 Rs

Rs 10000/- in the case of Subcmts, and from Rs 5000/- Rs 2500/- in the case of Municipalities. Instead of 15 Registers, so have now to be maintained. In the place of 20 Municipalities which were in existence when the present Scale was fixed, they are now only 18.

(2) The Cost of living was not half so high when the Scale was settled as it is at present.

(3) A comparison with the Scale given in the Revenue Department shows that the Scale in Civil cmts is very low.

(4) According to the proposition Statement of the Comptroller the proposal will result in a net additional of Rs 1532/- per month, or Rs 23184 per annum of the permanent recurring expenditure under Table.

(7) With regard to (2) it is a point for the consideration of the Govt whether any concession should be shown in view of the fact that the Cost of living has nearly doubled itself in the last 30 years.

8) As regards the 3d point, it may be urged considering that the nature of work to be done by the clerks of the Revenue Dept. is completely different, it is questionable if the scales of pay fixed for that department can serve as a standard for the Civil Court establishment

9) The case of the Chief Court seems to depend mainly upon the first ground.

10) Sonnet the Courts seem to have been abolished for want of sufficient work But an additional Court was established at Chickballapur within a few years after the abolition of Doddaballapur Court which was made permanent about a year ago.

11) The work in the Munsiffs' Courts has increased as may be seen from the statement annexed to the letter of the Chief Court. But a careful Scrutiny shows that the increase in the institutions is on an average 321 suits, for each Court and the increase in the disposals of Contested cases is only 29 for last 10 years. But how many of these are small causes, how many original, cannot be ascertained

	20) Under Rules Practice No 135 of 16.11.1907, Parties in Civil cases may, at their option, file with their application for the issue of certain process named therein, printed forms of the same duly filled up. But it is very rarely that these forms are now filled up by the parties. In ~~Madras and Calcutta~~ Bengal, the parties or their pleaders are bound to file up the printed forms.
	21) In ~~Calcutta~~ Bengal the rules thus stated: "Parties in Civil cases shall file, with their applications for the issue of process, printed forms of the same duly filled up in accordance with the rules of the H.C. regarding the issue of process. The date of appearance and the date of process will be left blank. The parties or their pleaders shall sign the forms in the left bottom corner, and will be held responsible for the accuracy of the information entered in the forms. ..... in the appellate court." (pages of Rules relating to Practice & Procedure.)

22) What is possible for the whole Bengal and Madras cannot be held to be impossible for us here. There was no doubt some complaint on the part of the members of the bar when even the official orders it is now promulgated (vide R.A. Subject 23 of 1907.) But this ought not to prevent the High Court issuing a whole some rule which has not been objected to anywhere else. Moreover for persons complain whenever they are found to take any responsible

23) If this rule were adopted then two (suspension of) clerks in each court can be dispensed with, and the savings thus effected can be utilised for increasing the pay of the other officials.

24) Again, the ins and process Servers are sent out for service from week to week or 10 days at a time (vide Rule) p 113 of the Civil Digest). When he returns, then he is not generally sent out for a week or 10 days. In the case of peons, whose pay has recently been increased, it may be expedient to send them to each court to write such processes as may have to be written in court. The process Servers are now deputed by rotation to each court for 10 days at a time to attend the court & help to keep order and guard the court house. A similar rule may be framed

	with regard to the amins also. ~~Such is~~ the amins now draw the pay of a process writing clerk, and most amins are literate. If they are trained as Cutcherk there is also a likelihood of their getting a promotion in the clerical line. Under the present system, having nothing else to do for some days in the month, their idle brains will be busy with ~~scheme~~ mischievous schemes. In Madras, the Amins are told off to establish to write process. Sometimes is also precedent for this in the neighbouring province. (vide p. 115 Chandrasekhara Ayyar's Rules and orders). As already observed, there is the analogy of the process Servers.
	25) If the above suggestions are adopted, there will be a saving of Rs 40 per each Court, and the financial ~~Branch~~ difficulties for raising the pay of the ~~present~~ establishment may not be insuperable.
	26) Further, it is well known that the system of appointing apprentice clerks has not proved a success. Persons who have passed the matriculation have not come forward to accept a pay of Rs 16 in each Court. What is usually done is to appoint a candidate who has not passed any examination ~~and also does so~~. The appointment may be abolished, and if the pay of the clerks is raised, more qualified men are likely to be available.

27) The proposals of the Chief Court do not aim at getting more men but only provide for an all round increase of pay by the conversion of all appointments on fixed pas into ones on progressive pay. Seeing that recently the pay of the Esttn Dy Comrs offices and of talk officers has been raised it is difficult to resist in toto a proposal intended to raise the pay of the Judicial officials in the Depth 'in toto'. 29) It does not seem to be necessary to convert all the appointments in the lower ~~pay~~ grades into progressive appointments or to raise the pay of the higher appointments ~~only~~.

The following additions may perhaps be regarded as acceptable :—

1. Raising the pay of apprentice Clerk from 10 to 15 Rs in the case of all Courts.

2. Raising pay of Duftaribund in the Dt Courts from 8 to 9. and increasing the pay of half the number of peons in each Court by 1 rupee.

The highest pay in a Dt Court at 100 & in a Sub Court at 60 cannot be regarded as inadequate, ~~and~~ ~~the~~ ½ If it is considered that some revision is necessary to scales of pay fixed many years ago ~~a general increase of 5 Rs~~ in the case of the Ahlmads & the men of the Munsiff's Court, an increase of 5 Rs per in the case of the lower the number of appointments may be sanctioned This will result in the next increase being

30) It is clearly shown in note dy 4.9.14 that there is no justification for increasing the cost of the establishment of the Courts. In such circs. it is not possible to support the present proposal financially.

31) On general considerations of present financial position also it is not desirable to add to permanent recurring expenditure. The latest forecast of the situation shows that even taking both the ordinary and extraordinary parts of the budget the result will be one of a deficit of from 4 to 6½ lakhs in the triennium commencing with the current year & proposals for still further adding to the present standard of permanent recurring expenditure can not be entertained.

Can hardly be fair to say that the establishment should be proportional to the quantity of work alone, or that the comparison should be made with Madras alone, or for this department alone. OPINION OF THE CHIEF JUDGE

23rd February 15.

44 " I do not think the proposals are at all extravagant and I trust the Government may see its way to adopting them.

45 In comparing establishments with those in Madras it has to be remembered that Mr. Phillips, placed on special duty to report on the question of the sufficiency of civil courts and their establishments, has in Madras found the bulk of the Court Establishments if I recollect aright underpaid and undermanned, and the question of the revision of these establishments was under consideration in the High Court when I left Madras.

46 I doubt whether any great reduction can be made in the clerical work of a court. I rather think the registers were revised and simplified in Sir Stanley Ismay's time and I should think it doubtful whether any further reduction of clerical work is feasible at any rate to any appreciable extent; The proposal made in paragraphs 20-23

I believe think that more simplification work was done in another Sir Judge's time

may be tried, but not without further enquiry. The High Court of Madras proposed I remember to introduce it in some courts but whether that has been done or not I don't know: I recollect being told that it is not a great success in Bengal: we should therefore have to get more information before we could think of introducing it all round compulsorily. I do not think that our courts have a sufficient number of Amins to allow of their being taken off for clerical duties: the system in Madras is excused on the ground that the work must be done somehow but I don't think it was generally approved of. The Amins ought not to have enough days off to make their services as clerks an appreciable help.

47 As to apprentice clerks it may be that the syst system will have to be revised, so as to admit onlypersons who can be promoted to the highest grade of the office, and who will look on their original pay as merely a small stipend pending their absorption into the staff. But they could not get less than Rs 15 and if they are to be replaced by permanent clerks the permanent clerk would not I suppose get less than 20.

48 But these and other expedients for reduction

of clerical work may, as the 1st Councillor observes, be investigated separately, and the reorganization need not wait for a decision upon them.

49 So far as I have been able to judge what is lacking in the Munsiff's courts is a smart well educated chief ministerial officer, who can be trusted to supervise the work of the rest of the office in all branches and command the respect of the other clerks. It is true that Munsiffs, not as a rule being overworked, have more time for supervision perhaps here than elsewhere, but that is not the same thing; besides it is not really their job to be constantly looking after the work of the lesser clerks. We shall not be overpaying Head Munshis in Munsiffs' courts if the proposals are adopted - and as I should not encourage the less qualified clerks to hope for promotion to the higher places it is as well to give progfessive salaries throughout: the number of offices is small, the Civil Courts Regulation does not really permit of our treating the whole as one service and making promotions by transfer from one court to another, and promotion is consequently, I fancy slow from grade to grade.

50 Clerical work though different in kind in different departments, requires everywhere very much the same qualities in those who have to do it: and there is no reason that I know of why those who work in judicial offices should not be remunerated on the same scale as those who work in other offices. If then it is true that the scale of pay among clerks in the Judicial Departments is lower than that in other departments that affords a strong reason for improving it.

51 In themselves as I have said I do not think the Chief Court's proposals are at all extravagant: of course I recognise that the coat must be cut according to the cloth, and it is outside my province to consider what is financially possible and what is not. But I know that ministerial establishments in civil courts are at present discontented and I am sure that if the proposals are not accepted the result will be the postponement of a very desirable reform."

3037/1283 of 2.9.2. Cs-2-02.

59 The history of these scales of establishments of the Civil Courts is given succinctly in the 2nd and 3rd paragraphs of the Registrar's letter. They remain practically unchanged since 1886 during which time the scales for the Revenue Department have been twice revised. In 1901 on a similar recommendation by the Chief Court, an order of Government was passed that the question of the general revision of the Subordinate Courts would be taken up when the finances would permit of the same.

60 2. When the establishments of the Revenue Department were revised last year the officials of the Judicial Department who have all along considered themselves as of equivalent status felt that they had a claim to similar treatment and made many representations to the Chief Court. When the Budget for the present year was framed, the question came up before Government and a favourable decision was considered so probable that a provision of Rs.20,000 was inserted therein to provide for the increases to be sanctioned.

61 3. The proposals now before Government were sent up by me as Chief Judge. The present Chief Judge, to whom a reference was made, has supported the proposals in their entirety, and considers that a very desirable reform will be put off if they are vetoed. The Dewan, however, agreeing apparently with the Financial opinion, has come to the conclusion

that

that the revision should be postponed till after the war is over. The Second Member has agreed with him. I regret however that I am altogether unable to endorse this view. I would most readily subscribe to economy being practised on this or any other account to the necessary degree, but it is quite essential that different departments with similar claims should all be treated similarly.

4. I append a list of additional expenditure that has been sanctioned after the beginning of the war. It will be seen that there are items on this list which certainly do not deserve precedence over this case. I am afraid the rejection of this proposal will have an undesirable effect on the department as a whole.

5. I submit the file for orders.

If properly qualified men are appointed to the place, it will probably be necessary to hold out some prospects of promotion in some higher Court or Office or Department.

84 I am respectfully of opinion that the general principle already put forward by me in connection with the Dy.'s office reorganization should be observed this year strictly and without exception as regards proposals for departmental reorganizations viz. that whenever necessary for carrying on work, additional hands may be allowed, but questions of general increase of pay to existing hands should

be postponed. The financial situation at present and the financial prospect for the immediate future do not justify such additions to the recurring expenditure of the State. In this view, and also because it is not clear whether it is His Highness's pleasure to overrule the majority of the Council and financial opinion in this matter, the case in my humble opinion requires resubmission to His Highness.

85) Under the rules of procedure as sanctioned by His Highness, if the submission note contained a definite recommendation to overrule the opinion of the Financial Secy, the case should have come to him for a further representation if necessary. In the absence of this step it cannot be said that a definite recommendation was made in the submission note and that such recommendation has been sanctioned. ~~In any case the rules are not to be~~ ~~as is essential in an important~~ JM 20/7

2. On 28th May last, His Highness was graciously pleased to sanction a revised scale as proposed by the Chief Court, involving an extra expenditure of Rs.23,184 per annum. The office referred the file to the Financial Secretary before issue of orders, as his views had not been recorded in accordance with Government Order No.Fl.8328-33 dated 6th May 1907 and he has now recorded his opinion on pages 35 and 36 of the notes. He thinks that the present financial situation and the financial prospect in the immediate future do not justify such additions to the recurring expenditure of the State.

3. In view of the strong support the proposals have received from the Chief Court and the fact that the establishments have remained practically unchanged since 1886, I am inclined to agree with the First Member that effect may be given to the reorganization from 1st July 1915. At the last meeting of the Legislative Council the Members also represented that early and favourable orders might be passed in the matter. A lump sum provision had been made in the last year's Budget and it has been repeated in this year's Budget.

4. In these circumstances, I solicit His Highness's gracious approval to the issue of the

SECTION Cts
FILE No. 270 23
SERIAL No. 1

From

The Registrar of the
Chief Court of Mysore,
Bangalore.

To

The Secretary to Government,
General and Revenue Departments.

Sir,

I am directed to forward for the favourable consideration and orders of Government the following proposals for revising the scale of establishment of the subordinate Civil Courts in the State.

2 The scale of establishment of District Courts and Subordinate Judges' Courts was originally fixed so far back as 1884, and that of the Munsiffs' Courts earlier still, i.e., in 1873-74.

3352-8 / 1644 / 1900

from the Registrar
Chief Ct
in Cts 9-02.

3 In 1900 on the formation of a District and Sessions Court at Hassan, the scale of pay originally fixed for the establishment of this class of Courts in 1884 was reduced and the present scale was sanctione

(43

for all the District and Sessions Courts.

Encl to CS-
270-137

4 The scale of establishment of the Subordinate Judges' Courts originally fixed in 1884 underwent slight change in 1887.

5 Munsiffs' Courts were organised for the first time in 1873-74 and each Court was allowed an establishment according to the quantity of work. In 1886 these courts were classified and a uniform scale of establishment was sanctioned to each class of courts. These scales have been altered by the addition of one or two hands in the case of a few courts with heavy files.

6 A proposal was made by this Court in December 1901 to revise the scale of pay of the officials of Civil Courts in consideration of their heavy and responsible work and was also urged that chances of promotion in the Judicial Department were ~~few and far between~~ comparatively few. The Government were pleased to say in their Proceedings No.3077/J.283 dated 2nd September 1902, that the question of the general revision of the Subordinate courts would be reserved for future consideration and would be

Q CS 2-02-1

U 4

taken

(44

taken up as soon as their finances would permit of the same.

7 The work of all the Civil Courts has meanwhile increased materially. The District Courts had smaller territorial jurisdiction at the time of fixing the present scale. The Mysore District Court had jurisdiction only over the Mysore District; the Shimoga District Court over the Shimoga and the Chitaldrug Districts and the Hassan District Court over the Hassan and Kadur Districts.

8 The ministerial work has increased considerably of late In lieu ~~view~~ of 15 Registers on the Civil side they have now to maintain 30 Registers. The number of forms has also increased much.

9 When the Subordinate Judges' Courts were allowed the present scale of establishment, the pecuniary jurisdiction of Subordinate Judges was limited to Rs.5000/-. It has been enhanced to Rs.10,000/- & and the Subordinate Judges are also Assistant Sessions Judges. The file of this class of Courts has been steadily increasing as will be seen from the statement

put

(45

put up and the establishment has to cope with increased ministerial work. In addition to the larger number of Civil Registers, Criminal Registers have also to be maintained.

10 When the present scale of establishment of Munsiffs' Courts was fixed, the Munsiffs' pecuniary jurisdiction was limited to Rs.1,000/- and the Civil litigation of the whole State was distributed among 20 Courts. The pecuniary jurisdiction has since been extended to Rs.2,500/- and in spite of the increased work the number of Courts was reduced to 17 till last year when it was increased by one Court. Notwithstanding the larger volume of work which this class of Courts has now to cope with (statement of work put up), the scale of pay originally fixed has not been revised. Even in these Courts work in the way of maintenance of Registers and correspondence has increased a great deal.

A comparison of the establishments of the Civil Courts with those of Revenue Offices may not be out of place. The District and Sessions Courts may be regarded as

(46)

as on a par with Deputy Commissioners' Offices. The responsibilities of the District Court Sheristadar are in no way inferior to those of a Deputy Commissioner's Office Sheristadar. The only difference is, that the latter has to supervise the work of the several Departments of the Deputy Commissioner's Office. But this difference is more than compensated for by the fact that the District Court Sheristadar is in addition to the supervision of the office, personally responsible for the cash transactions of the Court. The District Court Sheristadar therefore desrves at least the same pay as is allowed to Deputy Commissioners' Sheristadars.

12 The duties of the Sheristadars of Subordinate Judges' Courts are more responsible than those of a Revenue Sub Division Sheristadar. Their pay has therefore to be somewhat higher than that of Revenue Sub Division Sheristadars.

13 As regards Munsiffs' Courts, the responsibilities of the Head Munshis are greater than those of Head Munshis of Revenue Sub Division. The Head Munshis are required to check plaints, to see if they are in time

and

(47)

and properly stamped, to check the cash transactions of the Court and to supervise the work of the whole office in addition to their maintaining some of the important Registers. The Revenue Sub Division Head Munshis and the Taluk Sheristadars have not such heavy work as that of the Munsiffs' Courts' Head Munshis and work in a Munsiff's Court is of a higher order than that in a Taluk office.

14 In sanctioning the revised scale of pay of the establishments of the Deputy Commissioners' Offices and Taluk offices, the Government fully recognised the fact that the scale of pay fixed so far back as 1897 is unsuited to present day conditions. It must therefore be conceded that the scale of pay of Civil Courts which was fixed many years earlier than 1897, when the cost of living was not half as high as it is at present, is in urgent need of revision.

15 The increases proposed are on a modest scale as shown hereunder: -

As for the remaining hands the existing number is adopted as it is not necessary to give the same number of hands to each class of courts. The Deputy Munshis and Process Nazirs of each Court may be allowe a pay of Rs.35/- and the Court Nazirs Rs.25-1-30, all Munshis Rs.25 and all Gumastas Rs.20/-, the pay of the Apprentice Clerk being raised to Rs.15. A small increase of pay is also provided for the menials. The monthly cost of the Munsiffs' Courts' establishments as now proposed comes up to Rs.5,657-8-0.

revision of the scale of pay of the establishment (including menials) of all the subordinate Civil Courts in the State including Central Record Rooms works up to Rs.9,851-0-0 involving an extra cost of Rs.1,927. A proposition statement in the prescribed form is forwarded through the Comptroller and I am to request that Government may be pleased to accord their sanction to the same at an early date so that the new scale may be brought into force with effect from 1st July 1914.

18 I am to add that the Judges are of opinion that the present scale of pay of the establishment of the Chief Court is also not in keeping with the work and responsibilities of the officials of the highest Court in the State. The question is under the consideration of the Judges and proposals will be submitted at an early date.

19 Since the Budget estimates for the next official year have already been submitted to Government, I am to request that provision of a lump sum

SIR,

I have the honor to forward herewith a proposition statement in duplicate received from the Registrar, Chief Court of Mysore, with his docket No. 4445/204 dated 10th June 1914, for the revision of the scale of establishments of the Civil Courts in the State, including the process Nazirs. The personal allowance of Rs.5/- given to the Head Clerk of the District and Sessions Court of the Bangalore Division is not shown in the statement under "Present Scale", evidently as this allowance is intended to be absorbed in the new progressive rate of pay in the proposed scale leaving this out of account, the proposal if sanctioned, will result in a net addition of Rs.1,932/- per mensem or Rs.23,184/- per annum to the permanent recurring expenditure of the State.

Assistant record keeper Rs.20
do. 9 on 15 :: 135
Dafterbands 2 on 10 :: 20
Rs.175 per month or
Total cost Rs.2,100 per annum.

Since the temporary establishment as per marginally noted detail costing Rs.2,100/- per annum for the Central Records has been sanctioned only till the reorganization of its permanent establishment, this is not included in the proposition statement. If the cost of this temporary establishment is also taken into account, the net additional expenditure will

Chief Court for the revision of the ~~said~~ scale of the said establishments.

Encl one statement to each
Order thereon no. J 469-7 P/h Dy 5th August 1915.
Encl. one proportion-statement to the Comptr

The scale of establishment of District Courts and Subordinate judges' Courts was originally fixed so far back as 1884 and that of the Courts of Munsifs earlier still, ie, in 1873-74. 2) In 1900 on the formation of a District and Sessions Court at Hassan, the scale of pay originally fixed for the establishments of this class of Courts was reduced and the existing scale was sanctioned for all the District and Sessions Courts. The scale of establishments of the Subordinate judges' Courts also underwent a slight change in 1887.

3) In 1886, the Munsifs' Courts were classified and a uniform scale of establishment was sanctioned in respect of each class of Courts. These scales have since been altered by the

addition of one or two hands in the case of a few courts with heavy files.

4. A proposal was made by the Chief Court in 1907 to revise the scale of pay of the ~~appeal~~ establishment of ~~sub~~ Civil Courts on which an order was passed by Govt that the question of the general revision would be taken up when the finances would permit of the same.

5. The Chief Court represent that the work of all ~~the~~ classes of subordinate Civil Courts has increased considerably ~~partly~~ owing to the expansion of the territorial jurisdiction in the case of some courts and in the case of others on account of the enhancement of the pecuniary jurisdiction. Besides, ~~that~~ the addition to the number of registers to be maintained in

these courts has ~~brought about~~ entailed a corresponding increase in the volume of clerical work.

5 X. The Chief Court have compared the pay and work of officials in the Rev: Dept with those of officials in the Civil courts and consider that ~~the~~ scale a revision in the scale of establishment of the Civil courts also is called for.

6 X. Govt generally agree with the views of the Chief Court ~~and~~, considering that the cost of living has also increased appreciably, they are pleased to sanction the proposals of the Chief Court ~~in their entirety to revise the pay of the establishment in question~~ involving an extra recurring expenditure of Rs 23, 184/- per annum.

7 X. A statement showing the present scale of establishment and the sanctioned scale for each of the several courts is annexed as now sanctioned

The proposed statement (X) will be printed with the headings suitably revised.

GENERAL DEPARTMENT.

Read—

Letter No. 4236—331, dated the 7th May 1914, from the Registrar, Chief Court, forwarding proposals for revising the scale of establishment of the subordinate Civil Courts in the State.

2. Letter No. 313—B. & R. 37, dated the 11th July 1914, from the Comptroller, Mysore Government, forwarding, duly verified, the proposition statement received from the Chief Court for the revision of the scale of the said establishment.

Order No. J. 469-70— Cts. 270-13-3, dated 5th August 1915.

The scale of establishment of District Courts and Subordinate Judges' Courts was originally fixed so far back as 1884 and that of the Courts of Munsiffs earlier still, *i.e.*, in 1873-74.

2. In 1900 on the formation of a District and Sessions Court at Hassan, the scale of pay originally fixed for the establishment of this class of courts was reduced and the existing scale was sanctioned for all the District and Sessions Courts. The scale of establishment of the Subordinate Judges' courts also underwent a slight change in 1887.

3. In 1886, the Munsiffs' Courts were classified and a uniform scale of establishment was sanctioned in respect of each class of courts. These scales have since been altered by the addition of one or two hands in the case of a few courts with heavy files.

4. The Chief Court represent that the work of all classes of subordinate Civil Courts has increased considerably, owing to the expansion of the territorial jurisdiction in the case of some courts and on account of the enhancement of the pecuniary jurisdiction in the case of others. It is urged, besides, that the addition to the number of registers to be maintained in these courts has entailed a corresponding increase in the volume of clerical work.

5. The Chief Court have compared the pay and work of officials in the Revenue Department with those of officials in the Civil Courts and consider that a revision in the scale of establishment of the Civil Courts also is called for.

6. Government generally agree with the views of the Chief Court. Considering that the cost of living has also increased appreciably, they are pleased to sanction the proposals of the Chief Court involving an extra recurring expenditure of Rs. 23,184 per annum.

7. A statement showing the present scale of establishment and the scale as now sanctioned for each of the several courts is hereto annexed.

8. The revision will take effect from the 1st July 1915 and the extra cost involved thereby will be met from the lump sum provision made in the current year's budget for the purpose.

9. The proposal of the Chief Court to have only two classes of Munsiffs' Courts instead of three as at present is also approved.

D. M. NARASINGA RAO,
